Terms of Adoption & Signature: (please read, initial and sign at the bottom)

_____ I understand that For the Love of Grace Animal Rescue, Inc reserves the right to deny an adoption request for any, or no, reason and may choose not to reveal specific reasons for this decision.

_____ I affirm that all the information on this application is true and complete. I also understand that if any false information is provided, this would be grounds for denial of adoption.

_____ The pet you have chosen to adopt was chosen to be an extended part of your family and will live and be kept in a safe loving environment inside your home and not live as an outdoor pet.

_____ Your pet will have fresh food and clean water available to them on a daily basis. I understand that there are pet food banks available to obtain food for my pet if any hardship should arise.

_____ I agree to never surrender my pet to the Humane Society or release in the streets if hardship should arise, but instead I will contact For the Love of Grace Animal Rescue Inc. to return pet to rescue.

_____ You agree to give your new pet adequate time to adjust to their new environment and call the shelter as often as needed for help or advise in this transition. Not all animals adjust immediately to change or in the same way as animals you currently own or may have owned in the past.

_____ You will agree to provide medical care if your pet gets sick or injured. If any unforeseen issues arise within a 7-day period after adoption, medical care will be provided by the shelter only if brought to our vet for evaluation and treatment. If injuries are found to be due to neglect or abuse, the animal will automatically be surrendered back to the shelter.

_____ Any pet that is micro chipped, before leaving the rescue to their new homes, are registered to the shelter and will remain registered to the shelter with adopter as the second contact (co-owner) of that pet. This ensures that if you cannot be contacted, for any reason, the shelter will be contacted to take possession of the animal until you have been contacted. This will help prevent your beloved pet from ending up in a county shelter & possibly euthanized.

_____ You agree to NEVER declaw your new cat or kitten. Declawing is a cruel, painful and inhumane procedure that should never be performed on a beloved pet. To put in perspective, if performed on a human being, declawing would be like cutting off each finger at the last knuckle. There are many alternatives to help redirect your cat from scratching the furniture. The shelter can offer some suggestions if needed. If you care more about furniture than the cat, we don't want you to adopt.
